

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PREFACE.

THE KENNEL CLUB STUD BOOK has reached its Third Volume, and has established, I think I may venture to say, a reputation for accuracy and utility. It is, at all events, the only publication of its kind, and as it is quoted in the advertising columns of almost every sporting newspaper, it is evident that breeders rely to some extent on the information it supplies. It is a matter of regret to me that I cannot make the classes as perfect as I could wish, and give to every dog a long line of ancestors, but I have found it impossible, amongst the retrievers, collies, and toys, to give even the sire and dam of a large per-centage of registered dogs; and so it will always be until the Committees of Shows insist on pedigrees, if known, being supplied by every exhibitor, and then, and not until then, shall we have purity of blood. If this rule is adopted and rigorously enforced, in the course of a few years a wonderful difference will be perceptible, and the pages of this book will more resemble the Herd Book and Stud Book, which have so marvellously refined and elevated the bovine and equine races.

OF

THE KENNEL CLUB,

JULY, 1876.

CLUB RULES.

1. The Club shall be called the Kennel Club; it shall endeavour in every way to promote the general improvement of dogs, dog shows, and dog trials.

2. The Club shall consist of not more than three hundred members—exclusive of all honorary members—to be increased from time to time as the members of the Club shall in general meeting decide.

3. It shall be under the management and direction of the committee appointed as hereinafter provided.

4. The election of members is vested solely in the committee, and shall be made by ballot, three members of the committee to be a quorum at such ballot, and one black ball to exclude.

5. Candidates must be proposed by one member of the Club and seconded by another; the candidate's name, rank, residence and profession or occupation—if any—must be duly inserted in the book kept for that purpose by the secretary.

6. The entrance money on admission to the Club shall be five guineas, and the annual subscription shall be five guineas until one hundred members have been elected, the entrance fee and subscription shall then be raised to fifteen guineas and eight guineas respectively until two hundred members in all have been elected, when the entrance fee shall be raised to twenty-five guineas, the annual subscription to remain at eight guineas, payable in advance on the 1st of January in each year.

7. The committee shall consist of twenty-one members.

8. There shall be an annual general meeting of the Club, held in Birmingham, if possible, during the week of the annual exhibition; and at the said meeting the one-third of the committee who have been longest in office shall retire. All retiring members of the committee shall be eligible for re-election.

9. The committee shall have power to elect honorary members without admission fee or subscription at their discretion.

10. Any member violating the rules and regulations of the Club for the time being in force, shall be liable to be expelled by the committee; and any member of the Club who shall be proved to the satisfaction of the committee to have in any way misconducted himself in connection with dogs or dog shows, or to have in any way acted in opposition to the fundamental rules and principles upon which the Club has been established, or in any other manner which would make it undesirable that he should continue to be a member, shall be requested to retire from the Club; and if a resolution to that effect shall be carried by three-fourths of the committee present at the meeting, duly summoned to consider the case, the member so requested to retire shall thenceforth cease to be a member of the Club as if he had resigned in the usual course, and his subscription for the current year shall be returned to him.

11. No member of the Club shall, under any circumstances, knowingly, either enter or exhibit a dog, or dogs, at any competition under a false name, age, pedigree, breeder, or description.

12. The committee, at their first meeting that shall be held after the annual general meeting in each year, shall elect a chairman from their own body, who shall, if present, take the chair at all meetings of the committee during the ensuing year; and at all meetings of the committee, in case of the numbers being equal, the chairman of the meeting shall have a casting vote, in addition to his own vote.

13. The committee shall have power to appoint sub-committees for any special object, and to delegate to such sub-committee the functions and powers of the committee relating thereto.

14. If the name of any member shall be officially published as a bankrupt, or insolvent debtor, or an outlaw, he shall *ipso facto* cease to be a member of the Club, and shall forfeit all right and claim upon the Club and its property; such person may, however, be re-admitted to the Club by the committee at their discretion.

15. No member shall take away from the Club House, upon any pretence whatsoever, any newspaper, pamphlet, book, or other article, the property of the Club.

16. These rules shall be printed, and a copy of them, together with a list of the committee and members, shall be sent to every member.

CODE OF RULES.

For the Guidance of Dog Shows : adopted by the Kennel Club, 1874.

1. Every person who wishes to exhibit at any show held under the Kennel Club Rules, must at the time of entry clearly identify by name and age (if known) the dog he intends to exhibit, and the name of the sire and dam (if known) must be given, unless the dog has been entered with his name and pedigree in the Kennel Club Calendar, in which case it will be sufficient to mention him by his name and number only ; and in cases where the pedigree of a dog is not known he shall be entered at each show as "pedigree unknown," unless his name has been duly registered in the annual number of the Kennel Club Calendar ; and every dog exhibited must be the *bond fide* property of the exhibitor in whose name he is entered, and must have been his or her *bond fide* property on the day of closing entries.

2. If the name of a dog which has won a prize has been changed, it is necessary in entering the said dog to give his old as well as his new name every time he is exhibited, until the change has been duly registered in the annual number of the Kennel Calendar ; and if his name be changed again, all his names must be repeated for a like period.

3. If a dog shall be entered without being clearly identified as before directed by Rules 1 and 2, he shall forfeit any prize that may have been awarded him ; and if the omission be detected in time, he shall not be allowed to compete, and shall forfeit all entrance fees and subscriptions.

4. The committee or authorities of any show may reserve to themselves the right of refusing any entries they may think fit to exclude ; and no person who has been proved to the satisfaction of the committee of the Kennel Club to have misconducted himself in any way in connection with dogs, dog shows, or dog trials, will be allowed to compete at any show that is held under the Kennel Club Rules.

5. The committee or authorities of every show where the entry of dogs amounts to 200, shall take care that a duly appointed veterinary inspector be in daily attendance.

6. No dog shall be qualified to compete or entitled to receive a prize, if awarded, who is suffering from mange, or any other form of contagious disease.

7. No person, except the duly qualified and appointed veterinary inspector, shall decide whether a dog is or is not suffering from mange. The veterinary inspector shall give his opinion to the secretary or committee of the show, in writing, and shall do so before the close of show.

8. A dog that has been exhibited, or has won a prize in a class exclusively for puppies under twelve months old, is not thereby excluded from being exhibited in a class where previous prize winners are not allowed to compete.

9. In estimating the number of prizes a dog has won, with reference to whether it should compete in a champion class or not, the number of prizes won shall be calculated up to 12 p.m. of the day previous to the day of closing entries for the show.

10. An objection to a dog must be made to the committee or Secretary of the show, at any time within ten days from the first day of the show; it must be in writing, and the objector must at the same time lodge a sum of £1 in the hands of the committee or secretary, which deposit shall, if the objection is proved to be frivolous, be forfeited.

CODE OF RULES

FOR THE GUIDANCE OF FIELD TRIALS OF SPORTING DOGS,
FRAMED BY THE KENNEL CLUB, 1874.

1. *Election of Judges.*—The judge or judges shall be elected by the committee of the meeting, and their names shall be announced simultaneously with the meeting. When a judge, from ill-health or any other unexpected cause, is prevented attending a meeting, or during a meeting, finishing it, the committee of the meeting shall have the power of deciding what is to be done.

2. *Description of Entry.*—Every subscriber to a stake must name his dog at or before the draw, and must give (if known) the name of the sire and dam of the dog entered. The secretary shall publish on the card the names of those who are subscribers, but do not comply with these conditions. These nominations shall not be drawn, but must be paid for. Any dog whose pedigree, marks, or colour, shall be proved not to correspond with the entry given, shall be disqualified, and the whole of his stakes or winnings forfeited.

3. *Alteration of Name.*—If any subscriber shall enter a dog by a different name from that in which it shall last have run or been exhibited, without giving notice to the secretary of the alteration at the time of entry, such dog shall be disqualified. The secretary shall, if the conditions of the rule be complied with, enter on the card the late and present name of such dog.

4. *Nominations.*—Any subscriber taking an entry in a stake, and not prefixing the word "names" to a dog which is not his own property, shall forfeit that dog's chance of a stake. He shall likewise be compelled to deliver in writing to the secretary of the meeting the name of the *bond fide* owner of the dog named by him; and this communication shall be produced should any dispute arise in the matter.

5. *Defaulters.*—No person shall be allowed to enter or run a dog in his own or any other person's name who is a defaulter for either entries or stakes, in field trials, dog shows, racing, or coursing meetings.

6. *Power to Refuse Entries.*—The committee or stewards of any meeting may reserve to themselves the right of refusing any entries that they may

think fit to exclude ; and no person who has been proved to the satisfaction of the committee to have misconducted himself in any way in connection with dogs, dog shows, or dog trials, will be allowed to compete in any trials that may be held under the Kennel Club Rules.

7. The stakes shall be run in the order they are given in the programme, unless the whole of the competitors, or their representatives, in the various stakes may agree otherwise—in which case the order may be changed, with the consent of the stewards or committee.

8. If two dogs are of the same colour, a red or white collar must be placed on one of them, to correspond with the colour on the card .

9. An owner, his keeper, or deputy, may hunt a dog, but it must be one or the other ; and, when once the dogs are down, an owner must not interfere with his dog if he has deputed another person to hunt him.

10. The person hunting a dog may speak, whistle, and work him by hand as he thinks proper ; but he can be called to order by the judges for making any unnecessary noise, and if he persists in doing so they can order the dog to be taken up, and he will be out of the stake. An opponent's dog may not be purposely interfered with or excited, or an appeal can be made to the judges ; and if the opponent's dog points game, the other dog is not to be drawn across him to take the point, but if not backing of his own accord, he must be brought round behind the other dog.

11. *Objections.*—An objection to a dog must be made to the stewards or committee of the meeting at any time before the stakes are paid over, upon the objector lodging the sum of £5 in the hands of the stewards, committee, or the secretary, which shall be forfeited if the objection prove frivolous. The owner of the dog objected to shall be compelled to deposit equally the sum of £5, and prove the correctness of his entry. All expenses in consequence of the objection to fall upon the party against whom the decision may ultimately be given. Should an objection be made which cannot at the time be substantiated or disproved, the dog may be allowed to run under protest ; but should the objection be afterwards substantiated, and the winnings have been paid over, the owner or nominator of the dog which may thus be disqualified, shall return the money or prize, or shall be declared a defaulter.

II.

Dinah beat Countess Moll.

Dinah and Rhyl divided by consent.

The meet was at the Bell Inn, Alphington. The wheat crops were quite a week or ten days behind, so that covert was short on Mr. Kekewich's estate.

First ties: Dinah and Countess Bear both showed great pace, Dinah's style being the best. Dinah found a brace in a bit of seeds, and Countess Bear would not back or drop to shot until spoken to. Some inferior work followed, both bitches passing birds, scent being bad, but Dinah had the best of it in pace and style. Dinah found a single bird, and Countess Bear backed at a good distance, but was not very steady to shot, and the flag went up for Dinah. Rhyl and Fan went over some good ground

without finding, bar one which got up to their right, neither seeing it. Rhyl, in style and pace, was far the best, and, without having his sire's pace, went decidedly fast. Fan made a good many false points, and was rather overbroken. Rhyl put up a brace of birds down wind, but almost immediately afterwards found another brace very well, and by it won a long and tedious trial of an hour and twenty-five minutes; ground very undulating and birds scarce. A change of *venue* was now made to Sir Lawrence Palk's ground, and Countess Moll and Dinah went down at ten minutes to one, Dinah pointing a lark to begin with, and the Countess backed very well. Dinah then found a brace, but ran them when they were put up. Moll pointed in a clover field, and Dinah, not seeing her, pointed the same brace, but spoilt her part of it by running them. Moll now made a false point, which she had done before, and Dinah ran up a brace down wind, Moll doing the same, and another bad flush put her out, the two winners of the stake thus being Dinah and Rhyl, and their owners agreed to divide.

THE POWDERHAM STAKES, at 5*l.* 5*s.* each, with 10*l.* cup given by the Kennel Club, for all-aged dogs or bitches, each entry comprising a brace belonging to the same owner; first prize, cup and 14*l.*; second, 7*l.*

Mr. F. R. Hemming's <i>Rhyl</i> , 1 yr., and <i>Rum</i> , 3 yrs.	1
Mr. Purcell Llewellyn's bk w d <i>Druid</i> , 2 yrs., and lem. and w b <i>Leda</i> , 2 yrs. 6 mos.	2
Mr. W. Sim's bk and tan b <i>Nellie</i> , and bk and tan b <i>Kate</i> ...	0
Mr. T. Cunnington's bk w and tan b <i>Bride</i> and bk w tan b <i>Rose</i> ...	0

Rhyl and *Rum*: The former almost immediately found in grand style, *Rum* backing. *Rum* then found another brace in the same field, *Rhyl* backing at fully eighty yards. *Rum* was not quite so fast as *Rhyl*, but went very fairly; they were taken up without making a single mistake. *Druid* and *Leda* both went a rare pace and in capital style. *Leda* flushed a single bird. They now tried another good field blank, but in the next *Leda* found a brace in good form, *Druid* backing on being spoken to. They tried several other fields blank, both going well and fast.

Nellie and *Kate*: In the first field, wheat, they flushed a brace of birds, both being to blame. *Kate* found a brace well, *Nellie* backing on being spoken to. *Kate* found again, but *Nellie* not seeing her, ran in and flushed them. *Nellie* flushed another brace badly, *Kate* repeating her finding performance, but *Nellie* being again too anxious, ran in and put them up.

Bride and *Rose*: The former found a single bird, and *Rose* backed. *Bride* found again in a wheat field, but *Rose* did not see her, and therefore had no chance of backing. *Bride* found once more very well; she was suffering from rheumatism, so ran slow, and not in her true form. She was evidently a good bitch.

Druid and *Leda* not having had much luck in finding birds during their first over were given another chance; but *Druid* commenced badly by flushing a single bird, and then, after trying some other fields blank, the same offender flushed a brace very badly in a meadow of rich grass. The judges then decided the stake in favour of *Rum* and *Rhyl*, who had made no mistakes, and *Druid* and *Leda* were placed second. In pace and style they were the best, but *Druid's* nose was not quite trustworthy.

Thursday.

Met at Peamore Arch, and the puppy pointers went down for their stake, only two being entered, viz., Mr. S. Price's Sol, a son of the celebrated Bang, and Mr. E. Bishop's Squire. They were let off in front of Mr. Kekewich's fine old mansion of Peamore, a large field of grass giving the youngsters a chance to stretch themselves away, and Squire commenced as finder over a cock pheasant, Sol backing well at a long distance. Several large fields were now tried blank, game being scarce. Neither dog showed much pace, Sol's style being perhaps the best, as he carried his head better, Squire being a little inclined to potter. Squire made a false point, Sol backing very well, and was awarded the prize after a not very satisfactory trial. Retracing steps to finish yesterday's card, the next event was

SETTERS.

THE TREEHILL STAKES, at 3*l.* 3*s.* each with a cup presented by the *Fancier's Gazette*, for dogs or bitches; first prize cup and 12*l.* 12*s.*; and the second 6*l.* 6*s.*

Mr. Bishop's *Bride* was drawn and Mr. Sim's *Kate*.

II.

Ranger beat *Countess Bear*.

Ranger first prize, *Countess Bear* second prize.

Countess Bear and *Ginx's Baby* both went very fast and in good form, the daughter of *Countess* making a grand point, but was a little too anxious, and drawing too near, put them up—a most excusable fault in a puppy. After trying several more fields the young one pointed well again where a brace of birds had just been seen, and she then found another brace at the bottom of a fallow field, and *Ginx's Baby* running by, put them up, so *Countess Bear* won a most meritorious trial; she went in good style, showed good nose, and went altogether in better form than yesterday. Mr. Sim's *Kate* being drawn, *Countess Moll* was put down with *Ranger*, and, like her sister, she went a lot better to-day, there being in fact very little difference in pace between her and the champion, and we all know what a bat he can go. *Moll* made a false point, *Ranger* backing at a long distance. The latter then pointed where a hare had stolen away, and then he made a false point, and *Countess Moll* did the same in the next field. *Ranger* then flushed a brace under a hedge, and the puppy found a brace well; but *Ranger* being the other way, had no chance of backing her. *Moll* found another brace, but being impatient, ran them up badly. After several more fields had been tried the young one false pointing more than once, *Ranger* was the next finder in good style, and the *Countess* not backing well, but being inclined to run the birds, the flag went up for *Ranger*. The final tie was now tried off between *Ranger* and *Countess Bear*, the old one being the finder to start with, in a bit of plough, and he followed by making a very grand point in a grass field, *Countess* being

unsteady to wing. In the next field Ranger was down again, having his birds beautifully, and it settled the contest in his favour.

PRAMORE STAKES, with a revolver added by Mr. Clarke, gunsmith, of Newton Abbot, for all-aged dogs and bitches the property of owners residing in Devon or Cornwall; setter braces to be run together; entrance 2*l.* 2*s.* each brace.

Mr. Sim's Kate and Nellie, who ran the previous day, are a brace of good black and tans, and they went a deal better this day, quartering their ground and working very carefully, so they had quite a winning score in their favour against Mr. E. Bishop's Dinah and British, the latter a puppy out of the well-known field trialer, Judith; but he went in poor form, and did not make a brace with such a lively one as Dinah. After a short trial Bishop wisely drew them, and the stake was awarded to Mr. Sim's Kate and Nellie.

POINTERS.—*Friday.*

Held on Lord Poltimore's estate, the meet being Poltimore House.

HALDER STAKES, at 5*l.* 5*s.* each, with a cup presented by the Kennel Club for pointer dogs or bitches, each entry comprising a brace belonging to the same owner; first, cup and 10*l.* 10*s.*; second, 5*l.* 5*s.*

Mr. J. H. Whitehouse's lem. w d *Pax* and lem. w d *Beau* 2

Mr. S. Price's liv. w d *Bang* and liv. w d *Mike*..... 0

Pax and *Beau* went down first, *Pax* flushing a brace of birds badly. *Pax* soon afterwards found a brace very well, and *Beau* was quite at home in the backing department. A hare stealing away, tried the goodness of both in another direction, and they were equal to the occasion, whilst their ranging was quite as it should be, so they were taken up with some meritorious marks to their credit. *Bang* and *Mike* were the next brace going down in a wheat field, where the lying was very good, so there was no excuse for the crack, *Bang*, flushing a brace badly, and his son *Mike* repeated this bad behaviour in the next field, *Bang* flushing again, but this was down wind, though the brace altogether seemed in no form. *Mend* and *Squire* both went in good style, *Mend* leading off on a single bird, but *Squire*, not seeing her, found a brace at the other end of the field, behaving well in every respect. *Mend*, after the bird she had found had been put up, drew across to her companion and backed grandly. This being a beautiful bit of work on the part of both, the judges decided the stake in their favour, with *Pax* and *Beau* second.

EXLSHIGH STAKES, with a 5*l.* cup, presented by the proprietors of the *Country* newspaper, for single all aged pointers, dogs and bitches, open to the world; entrance 3*l.* 3*s.*; the winner to take the cup and 21*l.*, and the 2nd 10*l.* 10*s.*

II.

Mike beat Rap.		Squire beat Don.
Mike beat Chang II., and Mr. F. Hemming's Squire and Mr. S. Price's Mike, 1 yr. 11 mos., divided by consent.		

Wagg was the first down with Mr. E. Bishop's Rap, the latter false pointing at start, and Wagg failed to score in doing the civil by way of acknowledgment. In a marsh Rap found very well, and Wagg backed, three brace of birds getting up wild. Wagg had shown a slight inclination to chase, so the tie was in favour of Rap. Mike and Mend: The latter commenced by a flush; Mike then found, and, having all the best of a long trial, won. Beau and Don: Don flushed, and Beau then followed his example. Don then pointed, but left his point, birds getting up to his left. Don then found twice in brilliant style, and won. Squire and Macgregor: A very long, tedious trial; Squire the fastest, and, being the finder-general throughout, won. Prince and Chang II.: The latter found, and Prince drew in and took his point; this he repeated, and flushed, so Chang won easily.—Second ties: Mike and Rap: Mike found a brace under a hedge in a small grass field, and Rap backed. Mike found, and Rap put a brace up down wind, and after Mike, who went the fastest, had stood a rabbit well, the flag went up for him. Don and Squire: The latter had all the best of it in pace and finding, and won, and after Mike had disposed of Chang II., just as cleverly, the owners of Mike and Squire agreed to divide.

Saturday.

On the estates of Sir John Duckworth, Mr. W. C. Sim, and Capt. Walrond; Mr. Sim and Mr. Short took the place of the judges in the latter part of the day.

DEVON AND CORNWALL STAKES, for pointer braces, belonging to residents of the two counties, with a breechloader presented by Mr. Edwards, gunsmith, George-street, Plymouth; entrance 2*l.* 2*s.* each brace.

Mr. D. N. Norris's liv. w d } Don II., and liv. w b Dot ...	beat	{ Mr. S. Price's liv. w d Bang, and liv. w d Mike.
--	------	---

Bang and Mike seemed as much out of form together as in the Halder Stakes, the old dog flushing again. Don and Dot did some very pretty work in a marsh, pointing and backing in grand form. Dot subsequently stood a rabbit, the dog backing well, at which he was quite *au fait*; also when his companion made a false point; and, the bitch finding once more, very well backed again by Don, the flag very fairly went up in their favour.

SHOEBROOKE STAKES, with a 5*l.* cup added, for setters belonging to residents of the two counties; entry 1*l.* 1*s.* each.

Mr. E. Bishop's bk w b <i>Dona</i> ...	"	{ Mr. A. Perkins's lem. w d <i>Sandy</i> .

Kate and Dinah: The latter outpaced the black and tan, who was not over steady to wing to the first brace of birds that Dinah stood in grand form, and repeating it again the flag quickly went up for her. *Bess* and *Snake*: In their second field *Bess* stood well to birds, *Snake* backing, and after some other fair work in favour of *Bess*, the flag went up for her. *Dona* showed considerable superiority over *Sandy*, and the *fiat* was subsequently given in favour of *Dinah* as the winner of the stake, with *Dona* second.

MATFORD STAKES, with a 5*l.* cup, for pointer dogs or bitches belonging to residents of the two counties; entrance 1*l.* 1*s.* each.

Mr. S. Price's liv. w d <i>Mike</i> ...	beat	Mr. W. C. Sim's <i>Don</i> .

Mr. E. Bishop's <i>Rap</i>	beat	Mr. Wippell's <i>Wagg</i> .

Mike beat *Don* very easily, and in an unsatisfactory trial, in which neither distinguished itself. It was undecided between *Jane* and *Don II.*, and *Wagg*, by some very bad behaviour, put his chance out completely with *Rap*, whose owner subsequently divided with the owner of *Mike*.

SHREWSBURY.

NATIONAL POINTER AND SETTER FIELD TRIALS.

President.—His Grace the Duke of Westminster, K.G.

Judges.—Viscount Combermere; Mr. S. Hargreaves, and Mr. A. P. Lloyd.

POINTERS.—*Wednesday, April 28.*

The meet was at Ensdon House, at 9.30 a.m. Throughout the trials birds were not very plentiful, and the scent was indifferent, and "the lying" poor.

THE POINTER PUPPY STAKES for puppies bred in 1874; entrance 5*l.* 5*s.* each; the first received 18*l.*, and 10*l.* added money, second 15*l.*, third 5*l.* 5*s.*

*Bang II. beat Naso.**Czar beat Mrs. Pender.*1st, Mr. Bishop's *Bristol*.2nd, Lord Downe's *Bang*.3rd, Mr. Lonsdale's *Czar*.

Bristol and Naso showed themselves a good brace of puppies, working as if anxious to do business. A brace of birds were first walked up by the crowd, but in the next field of wheat Bristol feathered a bit, and then drew up well to a brace, Naso backing in perfection, and both dropped well to shot; they were soon ordered up, Bristol with many good marks to his credit, whilst Naso injured his chance by trying to mouth a leveret. Bang and Mrs. Pender: The former soon stopped for a second where a hare had gone away, and then he began to draw to birds that rose before he was quite steady. Bang then found another brace, and the flag went up for him. Mrs. Pender did little or nothing, but she dropped to wing and backed correctly. Ponto and Czar: This brace started with a game of very rough play, in which Mr. Lonsdale's dog, a promising puppy, was very greatly incommoded by being rolled over. Ponto continued his playful mood, and put up some birds, so it was soon settled in favour of Czar, who has a fine stretching gallop, and will be heard of again, but Ponto is very unlike his elder brother in his way of performing, though he resembles him in appearance. Eos was now put down with Bang in a field where the former brace had risen a lot of birds. In the next field of wheat a hare started between the two, Bang dropping, and Eos turning from temptation. No birds in this field; a quarter of a mile's tramp, and when fairly turned off again they went a good pace. Bang was faulty in breaking fence, but he subsequently found well, and Eos was not very grand in the dropping department. Three shots were fired over these puppies, for what reason it was difficult to perceive. Eos goes a good pace and carries his head well, but he was fairly beaten by his elder opponent, though he had no luck in finding birds. Naso was given another chance with Bang, who got the best of it, and Czar beat Mrs. Pender, after which the judges placed Bristol first, Bang second, and Czar third.

*Rector beat Beau.**Mars beat Riot.**Drake beat Riot.**Rector beat Drake.**Mars beat Macgregor.*1st, *Rector.*2nd, *Drake.*3rd, *Mars.*

After a little pottering, Beau found a hare and brace of birds, and won. Noble was suffering from an injured foreleg. Rector and Riot, two rare good pointers; but they potted about a bit at first near some iron railings. Rector, however, soon went down false, as we thought, but the birds had run. Riot then found a bird, Rector backing a long way off; again both pointed simultaneously, Riot's bird rising first, and birds had been where Rector stood. After this Riot came on birds a little too quick, and they were then taken up for the *interim* of lunch; after which they were put down again, and Rector led off with a magnificent find, which caused the flag to go up for him. The next brace was Mr. Lloyd Price's Mallard and Mr. Field Williams's Gent. The latter pointed for a second, and Mallard backed him at a very long distance. Mallard fairly ran round his opponent, who seemed dazed. Mallard found some birds, but declined to stand them, and Gent false pointed, so they were taken up; undecided. Macgregor and Brighton: The judges now led us a merry dance in a blazing sun, the brace being turned off at the bottom of a sloping field, where a hare was started. Macgregor then got too near a brace of birds, dropping well through. Brighton went the fastest in the next field, and Macgregor once more got too near his birds, and he did not act up to his usual form, but he found a brace well up at last, and the flag went up for him. Mars and Rapid: The latter acted up to his name, but Mars went better than he did last year; both found birds simultaneously, but, Rapid subsequently flushing, Mars won. Drake and Shah: Great excitement was manifested to see the old champion run, and it was all in his favour, as he went faster than his younger opponent, who commenced by pointing where birds had been, and Drake found some birds which the other had passed over, a cunning performance on the part of the old dog, and he won. Drake was now put down against Mr. Price of Devon's Mike. Drake ran slick through two birds, and then he found just as some birds rose. In the next field both backed each other, Drake altogether fairly beating the young one, and the flag went up for him. Rector was then put down with Mr. Whitehouse's Beau, and won rather an unsatisfactory tie. Then Drake met Riot, and the old dog found a brace well under a hedge, and repeated the performance, his son Riot backing well; but he got into a brace at last, and this decided it for Drake. Mars was now put down with Riot, Mars flushing, but dropped *instantly*, this being a very short trial, and there was no decision. To decide the winner of the stake, Rector and Drake came together, both false pointing in some nice lying, Rector was feathering when Drake stood on the brow of a bank, and the judges, imagining they had seen enough, decided in favour of Rector.

THE COUNTY STAKES, for all-aged bitches; entrance 7l. 7s. each; first prize 20l. and 10l. added money, second 15l.

Mr. B. J. Ll. Price's liv. w } Romp, 1 yr. 9 mos. }	beat	{ Duke of Westminster's Ruth, 3 yrs.
---	------	---

Mr. Price's Romp went down with the Duke of Westminster's Ruth, this being a very fast brace, and Romp won cleverly. Mr. Lonsdale's Peri and Mr. Issard's Ruby: Peri took a long point, and Ruby was unsighted, but backed well as soon as she had a chance; Peri, however, winning. The winner of the first tie, Romp, was now put down with the Duke of Westminster's Sal, a very beautiful little bitch, and she soon took a point. Romp then drew in good form a long way, but failed to discover the birds which rose afterwards. Sal failed to find two birds, which she ran over, showing want of nose. Romp then took a splendid point, well backed by her opponent, the attitude of Romp being perfection, and she won. Peri then had a try with Sal, and won the tie.

CLOVERLEY STAKES; braces, dogs and bitches; pointers or setters; 10l. 10s. each. Setters: first prize, 45l. Pointers: first prize, 45l. The second best brace, pointers or setters, to take 28l. The absolute winning brace to take a cup value 10l., presented by his Grace the Duke of Westminster. K.G.

Mr. Barclay Field's *Dick* and *Drab* and another brace withdrawn.

Mr. S. Price's *Mike* and *Bang*, prize for pointers and 10l. cup; Viscount Downe's *Sam* and *Bess*, prize for setters; Duke of Westminster's *Mite* and *Sall*, 28l. prize for second best.

The performances of most of the braces were moderate, the scent being dreadfully bad. The trial of *Bang* and *Mike* was short, but magnificent. In a large wheatfield they ranged away beautifully, each eyeing the other; when the old dog came down grandly, and the young one backed instanter, the brace presenting a rare tableau indeed. *Sam* and *Bess* also had a beautiful trial, each showing rare merit, and they were a wonderful brace of setters. The decision was a very correct one.

SETTER PUPPY STAKES; puppies of 1874; 5l. 5s. each; first prize, 26l., and 10l. added money; second prize, 18l.; third prize, 10l.

1st, *Spanker*.

2nd, *Dash II.*

3rd, *Die*.

The above was the most unsatisfactory trial of the meeting, as the puppies were not down half long enough to test their qualities, and four good puppies, at least, will live to see a better day,—not that Mr. Lonsdale's *Spanker* is at all a bad puppy. On the contrary, he is made and he goes like a racehorse, and he did some exceedingly pretty work. The second, too, *Dash II.*, is a good dog. *Die* also goes very smartly.

The champion *Ranger* went down with *Druid*, and was fairly beaten, the judges deserving the greatest credit for the patience they devoted on the brace. *Sam*'s performances proved him to be one of the best setters we had seen, and he was sold prior to completing his victory for a very heavy price.

Bess and *Romp* divided.

Mr. Barclay Field's *Rose* and *Daisy* were withdrawn.

The pace of the first brace was wretchedly slow; *Kate*, who had won a prize on the show bench at Dublin, was too much of a pet to drop or back properly, and evidently never dreamed of the lash or did much exercise without the blue ribbon on. *Bess*, a liver and white setter, a little better broken, made a false point or two, and did little or nothing else, and after a field had been drawn blank, the flag went up in her favour. Mr. Llewellyn's *Rocket*, a handsome bitch, but very wild, went off at a great pace, and wasn't stopped till she had flushed twice, and refused to back *Romp*, who was quietly pointing game. Time of trial exactly four minutes. *Bess* and *Romp* turned off for the prize, had no scent or covert to assist them. After some discussion they were allowed to divide, without being eligible for the Champion Stakes.

CHAMPION STAKES; three entries.

We left Cambridge at about twenty minutes to nine on Tuesday morning in a special train that had been provided by the Kennel Club, and arrived at Bartlow in about twenty-five minutes. The morning was beautifully fine—too fine, in fact, to hold out much prospect of scent. We drove to the meet, a distance from Bartlow station of about a mile and a quarter, and at once began with the first round of the Derby, Mr. Hemming's setter *Dinah* and Mrs. Arkwright's *Prude* being the first brace on the card. They were put down in a bit of barley, not very good lying, and as birds were running about in all directions the judges wisely ordered the dogs to be taken up, and we moved on to a capital piece of wheat. Here *Prude* at once destroyed whatever chance she might have had by chasing a hare, and the red flag was, of course, at once put up for *Dinah*. Mr. Llewellyn's *Countess Bear* and Mrs. Arkwright's *Tramp*, an own brother to *Prude*, were the next brace. *Countess Bear*, going at a great pace, made two false points, but was not long in finding out her mistake. She then found a brace of birds very well close under a covert side, and *Tramp* backed well. A hare got up close under the *Countess's* nose, but she was quite equal to the occasion; she, however, materially damaged her previous performances by very shortly afterwards flushing a brace in a most deliberate manner; she, however, somewhat atoned for this by behaving well to a brace of running birds that ran before her in full view. *Tramp* now, who up to this time had done but little, found a brace of birds in good form; but *Countess Bear*, not to be outdone, returned the compliment immediately afterwards, pegging a single bird well, and won the heat. Her form was certainly better than *Tramp's*, as she was faster and a better ranger. *Tramp*, however, ran by no means badly, and though beaten was not disgraced. *Dash II.* being drawn, Mr. J. Bishop's *Belfast* ran a bye. Mr. Lloyd Price's curiously-named *Eos Cymrwy*, a son of the well-known *Belle*, and Mr. J. Bishop's *Bristol* were next put down in a very large field of wheat, the lying being excellent. *Bristol* began by finding a single bird in capital style, but rather spoilt the performance by not dropping to shot. *Eos*, however, not to be outdone, found immediately afterwards, and as *Bristol* flushed twice in succession and was very wild, the red flag most properly went up to denote the victory of

Mr. Price's puppy. Mr. Hemming's setter Rhyl, a son of Ranger, and Sir Thomas Lennard's pointer Mallard, by Drake, were now called for. Rhyl was evidently not in good humour, and behaved very badly—very unlike his behaviour in Devon,—as he refused to back Mallard, who found a brace well, and flushed more than once. Mallard showed that he had been carefully and well broken, and although by no means a flyer as regards pace, has a very good nose and a good method of working: he won the trial easily, not having made a single mistake. Belfast and Countess Moll were the next brace. The daughter of Countess began badly by putting up a single bird that she had found. Belfast made one of the best points of the meeting, finding a hare in grand style at a very long distance, Moll backing well, Belfast ran a bird up, and Moll found a brace. Both bitches now found the same brace of birds at the same moment, but from a different angle, and both behaved steadily and well. The trial had been up to this point a most equal one, and as we were close to the barn where lunch was to be the next order of the day, the judges determined to take the brace up and put them both down again in the ties. Luncheon being over, Mr. Price's Mrs. Pender ran a bye with Rhyl—a waste of time to our mind, but as one of the competitors insisted on it, the judges had no alternative but to submit to this somewhat unusual proceeding.

Dinah and Countess Bear were called up first to commence the first ties. Both went fast and in fine form, Bear being the first to find. She next made a false point. Dinah now found a brace in a wheatfield, and Bear backed, and in the same field found well, and won the tie. The trial was an unlucky one for Dinah, who had done some good work, and was only just beaten.

Belfast and Eos: This was a short and decisive trial. Eos would not back, and did not show to great advantage, whereas Belfast, going in beautiful form, found well, and won a very one-sided trial.

The next trial between Mrs. Pender and Countess Moll was also equally short and decisive, as Mrs. Pender began by flushing and ended by chasing another brace of birds, that shortly afterwards rose wild in the same wheat field. A great deal of interest was taken by the spectators in the next trial, as Countess Bear and Mallard, both of whom had done well in their previous trials, fell together in the ties. Bear began by finding, and as Mallard flushed twice, it looked any odds on the slashing daughter of old Countess; matters were, however, somewhat equalised by Countess Bear flushing and refusing to drop, and as Mallard found immediately afterwards in fine form, he regained his lost position, only, however, for a brief period, as Bear found again at a long distance, and Mallard declining to back, the judges ordered the red flag to go up for Countess Bear. Belfast and Countess Bear were now called up to run the final tie for first and second prizes, the excitement being great, Belfast, if anything, being the favourite. They began badly, both flushing; Belfast was the first to find, but almost immediately afterwards again put up a single bird, a performance that Bear imitated; the score was, however, then equalised by a good point of Bear's; both now flushed twice, and both found twice, the contest being very close and exciting. Belfast, however, flushed again, and would not drop well to wing, so Countess Bear was at once proclaimed the victress of a very hard-fought tie. The winner is, as we have before mentioned, a daughter of the justly celebrated Countess; she is, however, on a larger scale than her mother, and does not take after her colour, being a lemon and white; she goes a racing pace, but her style is

not particularly taking. The scent on the first day was undoubtedly bad, which will fairly account for the great number of flushes that were made.

HORSEHEATH STAKES, a sweepstake of 3l. 3s. each, and a cup value 5l. 5s., for all-aged setter dogs and bitches; the winner to take the cup and two-thirds of the entries, and the second to receive the remainder; the winner to pay 2l. 2s. towards expenses.

In the Horseheath Stakes, for all-aged setters, owing to the absence of Mr. Barclay Field's and Mr. Lonsdale's nominations, and the withdrawal of *Countess Bear*, there were only two runners, Mr. Llewellyn's new purchase, *Sam*, and the well-known *Ranger*. The latter ran disgracefully, flushing birds in all directions, and being evidently quite out of form, *Sam* had, of course, an easy victory, having done nothing particularly good or bad; he is a plain, liver and white dog, but has evidently a good nose, and is very well broken. This finished the day's sport.

Drake beat *Mike*.

III.

Mr. Price's old *Drake*, first prize (by consent); Mr. Bishop's *Brighton* and *Bristol* second prize.

On Wednesday we met at Mr. Brewis's house, Horseheath Lodge, and after a short delay began the Linton Stakes for all-aged pointers in a capital bit of wheat, Mr. Prince's *Beau* and Mr. Bishop's *Brighton* being the performers. *Beau* flushed three times, *Brighton* doing nothing good or bad. They were then taken up to enable the judges to test the scent with another brace, *Bristol* and *Pax*. *Bristol* found a brace of birds grandly, *Pax* not being willing to back until spoken to by Mr. Whitehouse,

Pax then still further increased his bad points by flushing badly in the corner of same field, a wheat one. Bristol made a determined point, which, on the judges and Bishop walking up, turned out to be merely a couple of larks; he then flushed, a performance which appeared to have such a charm for Pax that he very shortly after followed his rival's example, and as Bristol found a brace well directly afterwards he was most properly returned as the winner. Pax did not run in his usual form, and appeared too fat for hard work. The neat little Squire and Rapid (late Rap) next tried conclusions. Rapid commenced by finding very well, the point being one of great merit, as he was coming down wind at the time; he, however, quite spoilt the performance by deliberately chasing the birds the moment they rose; Squire, who, not having seen Rapid, had pointed the same birds from a different angle, being steady. Rapid now found some birds in good style, and Squire, thinking perhaps it was his turn to spoil sport, ran by him, took his point, and flushed the birds. Squire was then drawn by arrangement. Mr. Brewis's Lassie and Mr. S. Price's Mike were put down in the same field, the bitch going rather slow, and still working well; Mike was the first to find, Lassie backing him well. We then moved on to a clover field; birds were, however, rather wild, and, with the exception of a flush by Mike, nothing of moment was done. In the next field, a bean one, however, the case was different, as Mike found in capital style three times, Lassie not being in the meanwhile idle, as she found a single bird; but her pace and mode of working being certainly inferior to Mike's, she was beaten. The old veteran Drake and Monarch next appeared. Monarch began well, as if determined to avenge the defeat of his fair kennel companion. He nailed a brace of birds well, and instantly afterwards found a hare, but, alas! chased it. He then found again, but a second time chased, or, rather, half chased the birds when they were put up. Drake found well, and Monarch, not seeing him, rushed by and put up the birds, and thus put an end to his not very glorious career. Beau and Brighton were now put down for a second trial. Beau found well, and Brighton refused to back, and took his point from him. Beau, anxious, perhaps, to atone for his three flushes in his first trial, again found, and Brighton, not to be outdone, did ditto; an exchange of compliments followed; as both dogs found well again, and as Beau, although he behaved very well in his second trial, had not done enough to make his score level with Brighton, the latter, most properly, was placed first. We next had Bristol and Mallard, both dogs belonging to the same owners as the preceding brace. Mallard did not do much, and after a trial of moderate length Bristol was placed first. It was now lunch time, and we had not far to go for it, as the large barn where it had been prepared stood at the end of the field that had seen the completion of the last trial. Lunch being over, Brighton and Rapid were turned down by the two brothers, E. and J. Bishop. Both dogs went wild, Rapid particularly so, and he was soon out of it, as Brighton found well, and won the tie. It was now the turn of Drake and Mike to perform, and their brilliant exhibition will long be remembered by all present. Mike was the first to find, but was not long alone in his glory, as Drake very shortly found also. They now both found birds again and again, Drake being quite in his old form, and making the dust fairly fly as he dashed down to his points. Mike also found several pairs of birds, but rather

spoiled his good performances by on one occasion refusing to back Drake. The latter, therefore, won, and richly deserved his success, and Mr. S. Price need not feel ashamed of Mike's performance, as he ran a down-right good dog all through. There were now only three unbeaten dogs left in the stake, namely, Drake, Bristol, and Brighton, and, after some consultation between their respective owners, Mr. Lloyd Price and James Bishop, Drake was placed first by their mutual consent; and Bristol and Brighton divided the second, the ties not being run off.

PEDIGREES.

NOTE BY THE EDITOR.

In this volume of the Stud Book, as in the last, the winners only at the Field trials have been classified.

Where no pedigree is given it may be fairly presumed that the dog's pedigree is not on record, as its absence is accounted for by the fact that it does not appear in the catalogues, and the owner has not answered the circular letter sent to him respecting it.

Those dogs which are entered without being prize winners at shows are entered subject to the approval of a committee of the Kennel Club, on payment of a small fee, particulars of which may be obtained from the Editor of the Stud Book, at the Kennel Club, 2, Albert Mansions, Victoria-street, to whom and to which address all correspondence on the subject of this book should be forwarded.
